

#### Notice to Applicants:

Nebraska law requires the facility to perform a criminal background check, sex offender check and registry check on all direct care staff.

It is policy of this facility to not hire direct care staff with criminal histories involving violence, abuse, neglect or mis of other's property. Information will be requested from the Nebraska Adult and Child Abuse and Neglect Registry.

You may be hired upon the contingency that all records are clear at the time of employment. If records are returned with any information to the contrary, you will be immediately discharged from employment.

I have read the above statements and agree to these terms upon employment.
